List of Tables

I	A caption for a table . . . . .	7
---	---------------------------------	---

I I

Top I with include.

2 A

Part A with again includes.

2.I AI

Part A with again includes.

And code in C++:

```
int main() {}
```

And in javascript:

```
const a = b => 42
```

And JSON:

```
{
  "a": [-1, null, false, true, 42, "yes"],
  "b": {
    "c": {
      "d": []
    }
  }
}
```

And a list:

- a
- list
- to
- push
- the
- insert
- down

2.I.I A2

Check the heading levels of concat file.

There may be images:

VERY CONSEQUENTIAL

Figure 1: Caption Text Blue

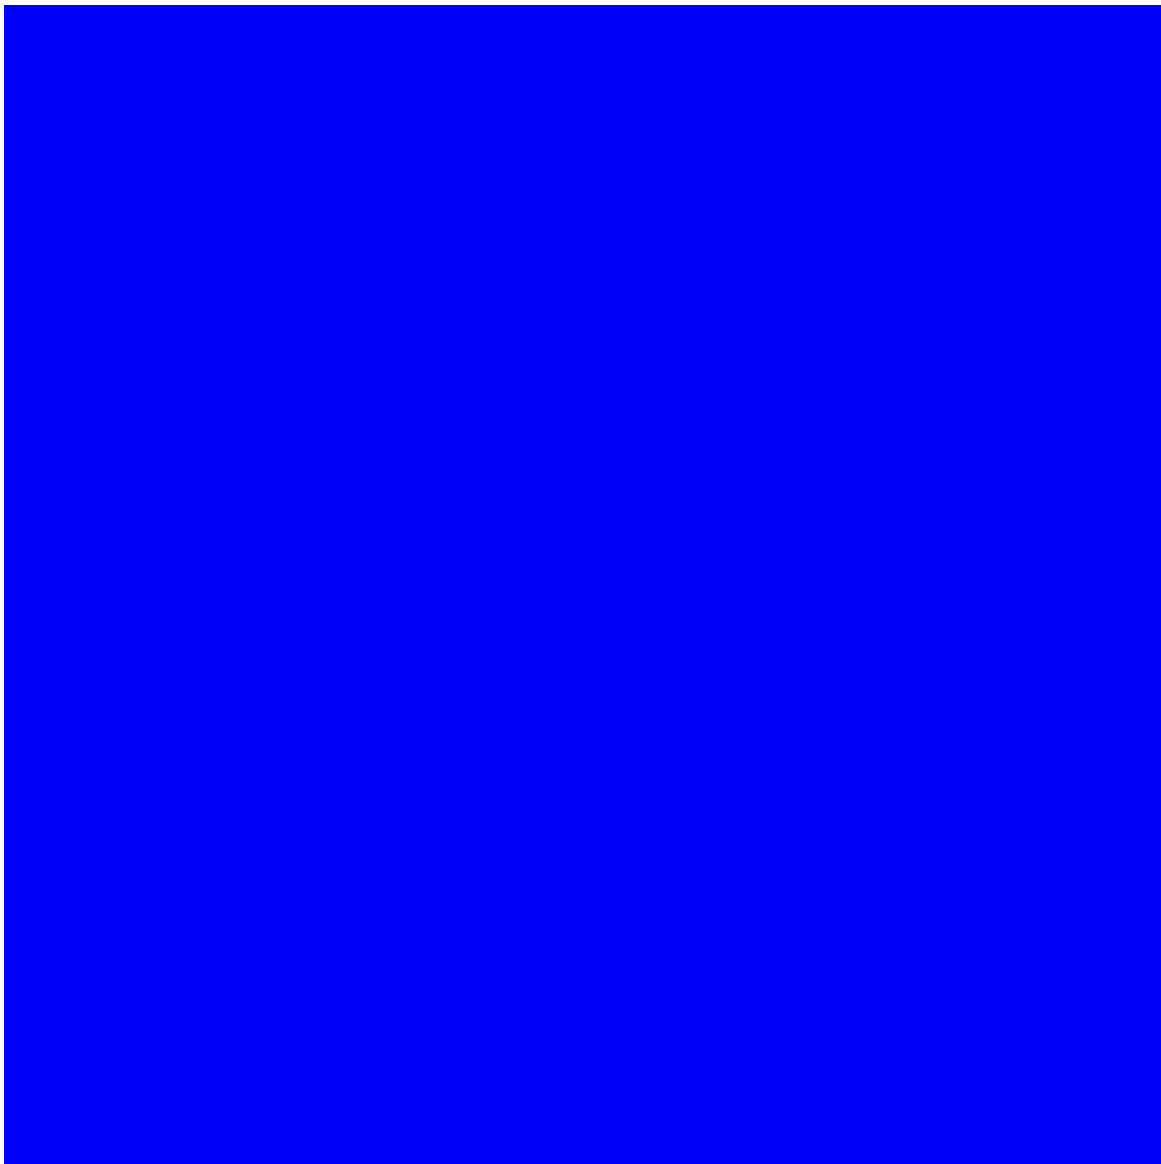

Figure 2: Caption Text Blue Repeated Image

Figure 3: INJECTED-CAP-TEXT-TO-MARK-MISSING-CAPTION-IN-OUTPUT

2.1.1.1 A2 level four

Tables maybe:

Left	Middle	Right
L1	M2	R3
L4	M5	R6
L7	M8	R9
L10	M11	R12
L13	M14	R15

Table 1: A caption for a table

2.2 Aa

Some text per the simplified include mechanism to also better verify the blank line handling.

2.3 As

Sub part As with again includes.

2.3.1 AsI

I am included from pat/sub/as.md.

2.4 Asb

Funny image reference from upstream:

Figure 4: MISSING-CAPTION-IN-MARKDOWN

The parser survives the comment but:

the caption “Caption for dot dot images in blue” will get lost because pandoc does not place the image in a figure environment

End of sub part cascade.

Issue, Revision:

Iss 01, Rev 00

Date:

22 JAN 2023

2.5 Ab

End of part cascade.

Figure 5: Caption Text Yellow

3 2

Funny reference:

Figure 6: Caption Text Sting Red

4 3

I am included by 2.md.

5 B

Yes.

Figure 7: Caption Text Red

Figure 8: Caption Text Dot Dot Lime

Yes, an SVG file:

And another one with application hinting suffices:

**Some bold text** normal text *italic text* - even ***bold italic*** and so **123** on.

Enumerated list:

VERY CONSEQUENTIAL

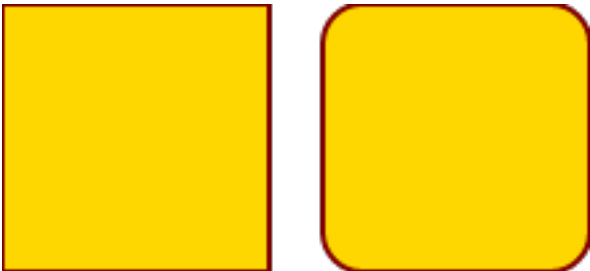

Figure 9: Caption Text for SVG

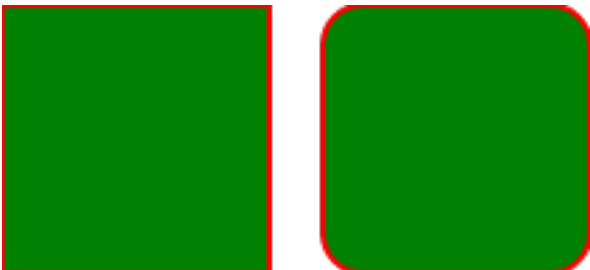

Figure 10: Caption Text for app specific SVG
